

# SOLIS WI-FI DONGLE CONNECTION & REGISTERING A CUSTOMER MONITORING ACCOUNT

Using Solis Home App

Ginlong Technologies Co., Ltd.

## **CONNECTING SOLIS WI-FI DONGLE USING SOLIS APP**

**STEP 1:** Download **Solis Home** app from App Store (iPhone) or Play Store (Android).

### **STEP 2:**

- Open Solis Home App.
- Click on Register on the top left corner

### **STEP 3: REGISTERING AN ACCOUNT**

- Enter Username.
- Enter your email address.
- Set a password for the account. You can click on the eye symbol if you need to verify the password you have entered.
- Click 'Register'

### **STEP 4: BUILDING YOUR PLANT**

- Select 'Build Your Plant in 1 Minute!' option.
- Scan the serial number (SN) of your Wi-Fi Dongle. (Your Wi-Fi dongle is the silver component attached under your inverter).
- If you are not able to scan the SN, you can enter it by selecting the 'Enter SN Number' option on the bottom left

### **STEP 5: ENTERING PLANT DETAILS**

- Once your SN number is scanned or entered, it will take you to the 'Confirm Plant Info' page.
- Make sure the capacity of your plant entered is correct.
- Change the currency to AUD (by clicking on currency it will show you various options, select AUD). Click Save.
- Information in this page can be entered or changed any time. So, if you need to add something or you have missed something, you can always re-check.
- Click Next.
- Give a name to your plant.
- Click 'Complete'.
- It will take you to your main Solis page where you can monitor your system once you have connected your Dongle to your home internet.

**STEP 6:**

- Select Device.
- Click on “Connect”
- Choose your Wi-Fi Dongle’s SN number.
- Choose your home Wi-Fi network in the ‘Enter Wi-Fi Password’ page (Go to Switch Network to select your network).
- Enter your selected Wi-Fi’s password (click on the eye symbol if you need to verify the password you have entered).
